

How to Manually Bind Inspire One Aircraft and Remote Controller

Step 1:

Power on Master Remote Controller and Aircraft.

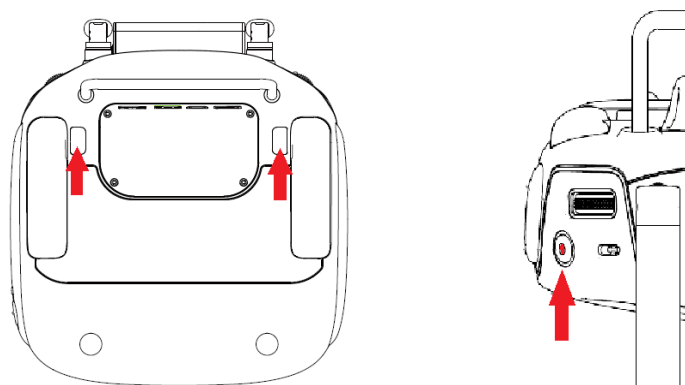

Step 2:

Press the Linking button in the nose of the aircraft, as show in the figure below.

Step 3:

On the Remote Controller, Press “C1” + “C2” + “Video Record”

Step 4:

Then, press the “Camera Settings Dial”.

A green indicator light indicates bind is successful.
